## Terms and Conditions

Under the Manitoba Efficient Trucking Program (“ETP”), Manitoba Conservation and Climate (“Department”) offers an “Incentive(s)” to an eligible applicant (the “Applicant”) who installs a fuel saving device(s) or technology(s) eligible under the ETP (the “Equipment”), and makes an application (“Application”) through Red River College acting as Service Provider for the Department (the “Service Provider”) on the terms and conditions set out below.

### 1.0 Warranties and agreements

1.1 The Applicant warrants that all Equipment, and all other matters relating to the Application, fully qualifies and complies with all eligibility requirement, both for the Applicant and for the Equipment.

1.2 The Applicant warrants that all information contained in the Application is true and correct.

1.3 Applicant is restricted to one application per intake (current intake to end by March 31, 2024).

1.4 The Applicant agrees to the terms and conditions of this Agreement and shall comply with all requirements of the Department at all times. If the Applicant fails to comply with these terms and conditions or any requirement, then, upon notice from the Department, any Incentive to the Applicant shall be cancelled, and if the Incentive is already provided to the Applicant, the Applicant shall forthwith repay the Department the full amount of the Incentive awarded, in a manner as required by the Department, at the Department’s sole discretion.

1.5 The Department reserves the right to change or terminate the ETP at any time but may continue to process applications submitted prior to the change or termination. Incentive amounts are subject to change without notice by the Department.

1.6 The Applicant agrees that any emission reductions achieved through the ETP will remain within Manitoba, subject to normal conventions involved in the assignment of transport vehicle emissions between jurisdictions, and that the Applicant agrees not to engage in deliberate any credit trading transactions that would transfer credit for any emission reduction achieved through the ETP to any third party.

1.7 Decisions by the Department relating to the Applicant, the Application, the Equipment, eligibility, the amount of Incentives, or other issues relating to the ETP, will be final and binding on all parties and not subject to appeal.

1.8 Applications may be executed in any number of counterparts, including counterparts signed by fax or emailed scan-copy, each of which shall be deemed an original and all of which together shall constitute one in the same instrument. A photocopied and/or fax copy of this Agreement bearing the signature of each party, in a single document or counterparts thereof as provided herein, shall be deemed an original execution version of this Agreement.

### 2.0 Installation requirements

2.1 Equipment, and the installation, the operation and the use of the Equipment, must at all times meet the requirements set forth in the ETP and must be acceptable to relevant inspection authorities having jurisdiction.

2.2 Equipment must be installed within Manitoba, and must be operational within three months of the date of approval of the work to proceed.

2.3 The Applicant agrees to submit annual records for each vehicle and/or trailer incorporating the Equipment, including annual travel distance with a breakdown by travel location (i.e., within Manitoba, in the rest of Canada, and outside Canada), annual fuel consumption and estimate of annual idling time, for a period of 36 months following installation (i.e., three sequential annual reports).

2.4 The Applicant agrees if selected for routine audit or review, to provide access to all relevant records, and make the Equipment available for review by the Department, the Service Provider, or other designated representative during normal business hours, anytime from the date of the Application until 12 months after Equipment installation.

### 3.0 Tax implication

The Department will not be responsible for any tax liability imposed on the Applicant as a result of any Incentive payment.

#### 4.0 Liability

4.1 The Department and the Service Provider will have no right, title or interest in the Equipment.

4.2 The Department and the Service Provider make no representation or warranty whatsoever, express or implied, as to the fitness, quality of design practices or capability of the Equipment, its design, reliability, safety, performance (and savings), fitness for the Applicant's purpose, its installation, workmanship, or use, of the Equipment, or that the Equipment will satisfy the requirements of any law, rule, specification or contract.

4.3 The Applicant does hereby indemnify and save harmless the Department, the Service Provider and their respective agents and employees from all damages, expenses and costs for injury or death of any person, damage to or destruction of property, and all economic loss suffered by any person caused by installation or use of the Equipment.

4.4 The Applicant assumes all risk and responsibility for any damages, injury, or costs that may result from the installation or use of the Equipment.

4.5 The Department and the Service Provider do not endorse any particular consultant, manufacturer, product, system, design, contractor, vendor or installer, in promoting the ETP.

#### 5.0 Confidentiality and Privacy

5.1 The Department, and the Service Provider, will only use information collected under the Program for purposes directly related to the operation of the Program, and for reporting of results, outcomes and performance of the program.

5.2 All information may be shared with the Government of Canada.

5.3 Information that applicants provide to the Department in confidence, including both personal and business-related, will be kept confidential unless:

- the applicant approves its release; or
- the Department is required or authorized to release information by law, such as under provisions of FIPPA in Manitoba. \*

\* *The Freedom of Information and Protection of Privacy Act. CCSM c.F175.*

5.4 Information that may be publicly released by the Department include:

- Funding recipient's legal name;
- Approved and expended amount of funding; and
- Brief description of the project.

5.5 The Department may also share the following information as a set of results data with existing or additional academic partners for the purposes of preparing publicly oriented evaluations, summary reports and academic publications in recognized journals:

- Funding recipient legal name
- Nature of vehicle or trailer unit involved
- Nature of fuel saving device(s) or technology(s) implemented
- Brief description of project
- Approved and expended amount of funding
- Baseline performance information, including fuel consumption, idling time and annual travel distance
- Performance information from Outcomes Reporting Forms for subsequent years, including annual fuel consumption, annual idling time and annual travel distance
- Vehicle or trailer use characteristics
